DETAILED ACTION

Allowable Subject Matter

1. Claims 1-4, 7, 8 and 15 are allowed.
2. The following is an examiner's statement of reasons for allowance: While there have been inventions similar in nature (Essebaggers, WO 01/92133) there has not been an invention including both an inner membrane and an outer membrane which are underpressure-activated. Essebaggers includes an underpressure-activated membrane with a vent and through-out flow pipe but does not include a second membrane. Examiner believes the prior art fails to teach a key component of the invention and it would not be obvious to combine with another invention to achieve this invention due to the destruction of the base reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 5-6, 9-14 and 16-20 have been canceled.

Since there are no generic claims, claims not elected without traverse have been cancelled and the remaining claims have been passed to issue.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to ELIZABETH VOLZ whose telephone number is (571) 270-5430. The examiner can normally be reached on Monday-Thursday, 8am-5pm EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Anthony Stashick can be reached on (571) 272-4561. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
